

Barcode Tags

We **custom** design each tag and label you order. What's the difference?

Tags - These are soft, washable/dry cleanable sew-in or iron-on tags for garments.

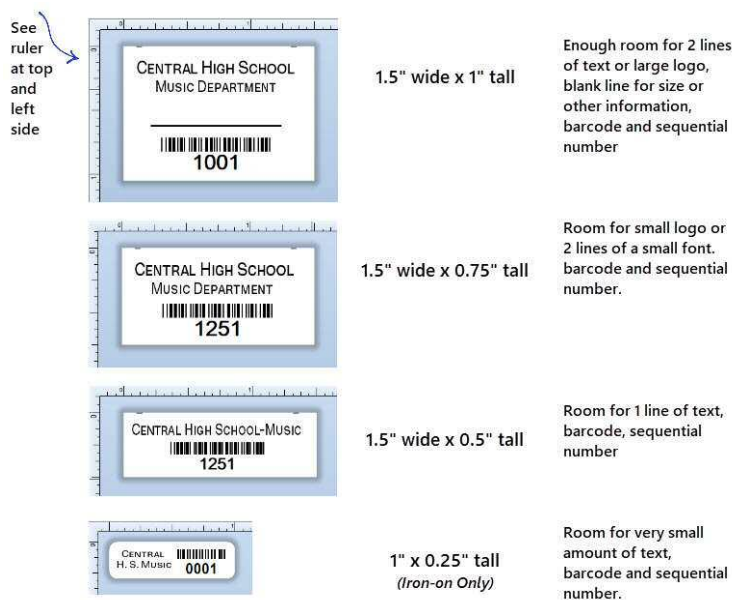

Labels - These are self-adhesive labels for hats, shoes, and equipment. These can be wiped clean but not submerged in water or cleaning fluids.

When you order we will ask about what you want on your tags. Here is some information on the part of the tag.

We offer two types of tags - **Iron-on** and **Sew-in** for garments and accessories in several sizes. If these sizes don't work for you, let us know so we can make a custom size.

Your tags can include:

- Name or logo of your school/musical group
- A Sequential number
- A Barcode (optional but strongly recommended)
- One or more blank lines.

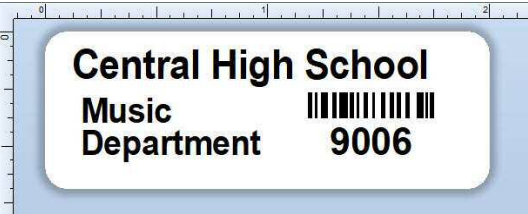

Iron-on tags need to be applied with a very hot iron

Sew-in Tags can be applied with a sewing machine (recommended) or by hand.

Prices range from \$0.14 (Tiny Iron-on Tag) to \$0.30 (1.5" x 1" Iron-on). Discounts applied for quantities over 500 tags. Please contact us for a quote.
